

**Position: Shingle Installer**

**Salary:** \$20-\$30/Hour DOE (depending on experience) with additional income opportunities

**Job Summary:** A shingle installer is responsible for the proper installation of roofing shingles on various types of roofs, including residential and commercial structures. This role requires the ability to work safely at heights, follow construction plans and specifications, and ensure the roof is waterproof and aesthetically pleasing.

**Key Responsibilities:**

1. **Roof Inspection:** Conduct thorough inspections of roofs to assess the condition, identify any damage, and determine the necessary repairs or replacement of shingles.
2. **Material Preparation:** Gather and organize the necessary tools and materials for the roofing project, including shingles, nails, hammers, safety equipment, and ladders.
3. **Shingle Installation:** Install roofing shingles according to manufacture specifications, local building codes, and industry best practices. Ensure proper alignment, spacing, and secure attachment to the roof's integrity.
4. **Roof Repair:** Replace damaged or worn-out shingles, repair leaks, and address any structural issues to ensure the roof's integrity.
5. **Weatherproofing:** Apply underlayment and flashing materials to create a weatherproof barrier, preventing water infiltration and protecting the roof structure.
6. **Safety Compliance:** Adhere to safety protocols and use personal protective equipment (PPE) to minimize the risk of accidents and injuries while working at heights.
7. **Cleanup:** Remove debris and waste materials from the job site, leaving the area clean and safe.
8. **Quality Assurance:** Perform quality checks to ensure that the shingles are properly installed, and the roof meets the expected standards for durability and appearance.
9. **Communication:** Collaborate with project managers, contractors, and team members to coordinate roofing projects and communicate any issues or delays.
10. **Customer Satisfaction:** Maintain a professional demeanor and interact with clients to address their concerns, provide updates, and ensure their satisfaction with the roofing work.
