

Job Title: Carpenter Roofer

Location: Colorado Springs & Denver Metro

Job Type: Full-Time, Day Shift (with occasional on-call work)

Compensation: Competitive salary, benefits, and potential bonuses

We're looking for a skilled **Carpenter Roofer** with at least 3 years of experience in commercial roofing and carpentry. If you're passionate about maintaining and improving infrastructure, have a keen eye for detail, and prioritize safety, we want to hear from you!

Key Responsibilities:

- **Roofing:** Inspect, assess, repair, and install various roofing systems including shingles, metal, single-ply membranes, slate, coatings, and sheet metal.
- **Carpentry:** Perform general carpentry tasks like door installation, trim, siding, decking, and wood repairs for both commercial and residential properties.
- **Safety:** Follow all OSHA safety standards, use fall protection, and maintain a clean, organized work environment.
- **Documentation:** Keep detailed records of work completed, including progress pics, materials used and receipts.
- **Team Collaboration:** Work alongside a dynamic team and contribute to the success of mission-critical infrastructure projects.

What We're Looking For:

- **Experience:** Minimum 3 years in commercial roofing, with proficiency in roofing systems (shingles, metal, etc.), carpentry, and blueprint reading.
- **Physical Ability:** Must be able to handle physical demands including climbing, standing, kneeling, lifting, and repetitive motion for extended periods.
- **Tools & Skills:** Ability to use hand and power tools effectively. Knowledge of structural framing and finish carpentry is a plus.
- **License:** Valid state driver's license required. **REAL ID-compliant driver's license** or an acceptable alternative (U.S. passport, military ID) required for federal military installation access.

What We Offer:

- Competitive compensation and potential bonuses
- Comprehensive benefits package (insurance, sick/vacation time)
- Opportunities for professional development, certifications, and training
- A supportive and safety-conscious work environment

If you're ready to take on an exciting and rewarding role that requires both roofing and carpentry expertise, apply today!
